Visiting a land-based or an online casino is a form of entertainment.

Both enterprises have significant overheads, so they need to make a profit to exist.

Once we get over this reality, we begin to accept there must always be a house edge, and that it's a small price to pay for a heap of fun.

Blackjack house edge explained

What does that mean? Well, in simple terms, you can say that for every \$100 you bet in blackjack, you'll lose \$2.

Reducing the blackjack house edge

Say what? That's right, you can bring the blackjack house edge down to around only 0.

5%, but it means following a solid blackjack strategy.

It's unimaginative, to say the least.
