

# bag sale black friday

Those few cents they take on every bet are their profit margin, and has paid for all the Vegas lights, the Mirage volcanoes, and the Bellagio fountains. In theory, this system will always win. Either way, decide on what your money management strategy will be, and STICK TO IT.

This results in a much higher variance on this type of machine. Considering that a round takes about 45 seconds to complete, your expected LOSS at the GTA Roulette tables will be around 200,000 chips per hour of playing. Well, that's because two eights equals 16, which is the worst total you can have.

In this case, each horse gets one third of the raffle tickets, giving them an equal chance to win. 29%, and 16-1 is 5.
